# Jack Petchey Achievement Award Winner Easter Term

GREATFIELDS SCHOOL

## Habiba Miah (Year 10)

Habiba works hard every day by putting effort in inside and outside school. She doesn't seem different from any other student on the outside but I believe that she deserves the award for pushing herself in her academic work, but also her other work. For example, she took part in the local community project with me to design a local park and she takes part in brilliant club. Overall, I feel like she isn't recognised for her effort at all; so I'm nominating her to show everyone that she is working hard every day and to show people that you don't need to stand out to be noticed, you just have to be worthy of people's attention. Habiba certainly is!

You have won a  
£250 grant to
