Hasfsah Saleem, Adelina Velicu, Fatima Akhlaq, Anais Mezrag and Nicolas Nikolakis from Miss. Nurse- Glace:

You have put in 100% effort and focus on our new unit "The Merchant of Venice". You have not given up even when you did not understand some of the language. This has shown as your written work and your class discussions on the play have been excellent! Well done.

The Year 8 Basketball Team- Miss. Leach:

This was the first game that Year 8's have played against others of the same age and got off to a flying start. The boys were encouraged to try and create as many shooting opportunities as they could, with a strong emphasis on passing and 1:1 defending. This remained consistent throughout the whole game, with Greatfields winning 37-20. The boys worked excellently as a team and showed great sportsman ship towards their team mates and opposing school. They have showed grit and determination playing against others in older year groups and train exceptionally hard. This was a great and well deserved win and I am extremely proud.
