For participating on the recent Jack Petchey count on us secondary maths challenge. As a team they went to central London for the day to compete against other London schools on various maths challenges, games and treasure hunts. All pupils were exceptional on the day and worked hard to get the best scores possible. A massive well done to the following pupils.

Shout out to....

- I want to give a shout out to **Erza** in Y9 for her visible efforts in her FA in unseen poetry. Despite having cover for the past few weeks you have produced a very detailed and insightful essay. Keep up the active effort!
