Partnership Learning

GREATFIELDS SCHOOL

Introduction

Through a planned programme of activities, Careers Education, Information, Advice and Guidance (CEIAG) and Employability skills, Greatfields School seeks to help all students take their place as suitably qualified and responsible adults within society. The focus is upon career and option choice, raising the aspirations and achievement of individual students and equipping them with skills, attitudes, knowledge and understanding as a foundation for managing their lifelong career and learning.

The school has an ongoing commitment to:

- Providing a planned programme of activities to which all students from Years 8 –13 are entitled which will help them to plan and manage their careers
- Providing IAG which is impartial, unbiased and is based on their needs
- Working in partnership with employers and further education providers to ensure all students access education, employment or training at the relevant transition points

Entitlement

Students are entitled to a Careers education which meets professional standards of practice and is both personalised and impartial. It is integrated into students' experience of the whole curriculum and based on a partnership with students and their parents or carers. The programme is structured to deliver explicit learning outcomes, raise aspirations, challenge stereotyping and promote equality and diversity.

The careers programme is designed to meet the needs of the students at Greatfields School to ensure progression through activities that are appropriate to students' stages of career learning, planning and development.

The primary aims of the Careers Education and Guidance programme are to:

- Help young people develop an understanding of their own and others' strengths, limitations, abilities, potential, personal qualities, needs, attitudes and values
- Help young people investigate opportunities for further learning and employment, make decisions and manage transitions across key stages
- Ensure that, wherever possible, all young people leave the school with employment, further education or training
- Assist young peoples' development through careers, employability and enterprise education
- Provide young people with opportunities to learn about careers and the world of work
- Enable young people to understand how to develop career management and employability skills

The Careers programme provides pupils with a wide range of experiences to help them progress effectively through their education and onto successful careers.

Greatfields School Extended Learning and Careers Provision: Year 2024/25

Great Gatsby: The Benchmarks

1. A stable careers programme

Every school should have an embedded programme of career education and guidance that is known and understood by pupils, parents, teachers and employers.

2. Learning from Career and Labour-market information

Every pupil and their parents, should have access to good-quality information about future study options and labour market opportunities.

3. Addressing the needs of each pupil

Opportunities for advice and support need to be tailored to the needs of each pupil. A school's careers programme should embed equality and diversity considerations throughout.

4. Linking Curriculum learning to careers

All teachers should link curriculum learning with careers. For example, STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.

5. Encounters with employers and employees

Every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace.

6. Experiences of workplaces

Every pupil should have first-hand experiences of the workplace through work visits, work shadowing and/ or work place experience.

7. Encounters with Further and Higher Education

All pupils should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.

8. Personal Guidance

Every pupil should have opportunities for guidance interviews with careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level.

Careers Curriculum Overview 2024-2025

Year Group	Focus	Objectives
7	Growing throughout Life Students grow throughout life by learning and reflecting on themselves, their background, and their strengths.	<ul style="list-style-type: none"> To reflect on personal strengths and short and long-term interests. To develop knowledge of personal competencies and transferable skills. To challenge stereotypical thinking and raise aspirations.
8	Exploring Possibilities Students to explore the full range of possibilities open to them, learn about recruitment processes and the culture of different workplaces.	<ul style="list-style-type: none"> To build awareness about workplace sectors. To build awareness about workplaces. To start recognising the relationship between learning and the world of work.
9	Making Connections Students to see the bigger picture by paying attention to how their learning within school will be relevant when making choices at 16 and their careers.	<ul style="list-style-type: none"> To explore options choices available in school. To understand the relevance of STEM subjects for a wide range of career pathways. To learn how the different subjects help people to gain entry to, and be more effective workers within, a wide range of careers.
10	Encounters and Experiences Students need to build upon any previous experiences or understanding they have of workplaces and different career paths.	<ul style="list-style-type: none"> To find and make use of labour market information. To build awareness about workplaces, workplace culture and expectations Understanding the application and recruitment process.
11	Balancing Life and Work Students need to balance their life as a worker with their wellbeing and other interests.	<ul style="list-style-type: none"> To attend to physical and mental wellbeing during study season. To know how to make informed decisions about future study options and career paths. To actively prepare for educational next steps and potential career paths.
12	Creating Careers Opportunities Students need to understand the importance of creating opportunities for themselves by being proactive and building positive relationships with others.	<ul style="list-style-type: none"> To seek opportunities whereby they can act as a role model, leader and example to others building strong networks. To consider and explore post-18 career and further education options. To learn how to work effectively in new setting and career environments.
13	Managing your Career Students need to understand the importance of actively managing their own career, to make the most of opportunities and be able to handle setbacks.	<ul style="list-style-type: none"> To understand the concept of a career as a lifelong journey. To undertake research and make applications for post-18 options. To be able to plan, prioritise and set themselves careers targets.

Please note that the objectives for each year group are for the whole year and are not limited to only one term. Each objective should be treated as something that is to be developed over time and revisited often.

Growing throughout Life			
Year 7	Autumn Term	Spring Term	Summer Term
Objectives:	To reflect on personal strengths and short and long-term interests	To develop knowledge of personal competencies and transferable skills	To challenge stereotypical thinking and raise aspirations
Careers Activity 1	DWP Workshop to be held in PSHE lesson	Launch of UNIFROG. Delivered in a PSHE lesson.	Insight into a Careers Assembly – for example Willmott Dixon Insight into Construction
Gatsby Benchmarks	3 4	4 2	2, 3 and 5
Students involved, e.g. PP, SEND, all pupils	All students.	All students.	All students
Careers Activity 2	STEM Club	Whole Year Assembly on STEM can be delivered by subject leads or in partnership with STEM ambassadors.	My Career Journey External speaker to discuss their career journey. e.g. Speakers for Schools
Gatsby Benchmarks	4	4	2 5
Students involved	All students are offered the opportunity to attend	All	All
